

## NORFOLK AND WESTERN ROAD

Total Income of the Road Will Reach Ten Millions.

### TIDEWATER A COAL FACTOR

Officials of Pennsylvania and Subsidiary Roads to Hold Meeting on Monday.

The following statement regarding the Norfolk and Western is of interest at this time on account of the rumored coal strike:

The status of the preferred stock is about as follows: Authorized issue, \$23,000,000; held in treasury, \$8,500; outstanding, \$22,991,500; owned by Pennsylvania Railroad, \$5,500,000; owned by Pennsylvania Company, \$5,000,000; owned by Northern Central, \$500,000. The total par value of this security thus owned by the Pennsylvania interests aggregated \$11,000,000, or 47.4 per cent. of the total issue. Around 1.4 per cent. of the stock is selling, at 144 per cent. on the investment, or considerably better than several other railroad preferred stocks, of which it can be said that the dividends are at least no safer.

The company's annual report for the fiscal year ended June 30th was very favorable and showed the preferred stock to be protected by a surplus of \$5,617,464, after allowing for Norfolk and Western's share of the deficit on the Pocahontas coal bonds. This was equivalent to 24.5 per cent. earned on the preferred stock. After the dividend on the preferred there was left for the common 7.3 per cent., against three per cent. paid during the year in dividends. In addition to this showing there were considerable sums charged into maintenance of way and equipment funds, which could legitimately have been considered earnings on the stock. The company's annual report and the various items per mile were as follows:

	Fiscal year 1905.	Per mile.
Average mileage operated	1,790	
Gross earnings	\$24,689,250	\$13,390
Operating expenses	7,136,484	3,967
Per cent. of gross	29.6	
Maintenance of way and equipment	2,085,010	1,121
General expenses	3,917,288	2,177
Total expenses	14,141,434	7,825
Per cent. of gross	56.87	
Net earnings	10,547,816	5,927
Net income	210,672	117
Total income	\$9,685,397	\$5,841

The present year promises to be a remarkable one for railway construction. According to the "Railway Age," there are now under way 13,014 miles of new roads, and what are termed "live projects" provide for the building of 8,330 miles more. At the opening of 1905 the record showed about 7,500 miles of road now completed during the year. It is stated that two-thirds of the entire mileage now under way is being built by thirty-eight companies—an average of 231 miles per company.

For several years the Southwest has been the center of the greatest railway activity, but this year the center has shifted in part to the Northwest and the West. The large projects include the Chicago, Milwaukee and St. Paul's 1,600-mile Pacific Coast extension from Evansville, Ind., to San Francisco, 337 miles; the Denver, Northwestern and Pacific from Sulphur Springs, Colo., to Salt Lake, 470 miles; and the various extensions of the Hill and Harriman systems, the latter with 784 miles and the latter with 516 miles.

A meeting of traffic representatives of the Pennsylvania, the Reading, Baltimore and Ohio, Norfolk and Western and Chesapeake and Ohio Railroads will be held in Philadelphia Monday to formulate rates on import goods. These roads recently withdrew from the import rate agreement between the trunk lines, because some of the more Northern lines were not living up to the agreement.

The New River Collieries Company, which is to acquire control of about 20,000 acres of soft coal lands in West Virginia, will be incorporated in the near future under the laws of the State of Maryland. The company will have a capital stock of \$8,000,000, divided into 40,000,000 7 per cent. preferred stock and 40,000,000 common stock. This is the concern being organized by J. S. Bache, Newman Erb, S. R. Guggenheim and their associates to take over a number of coal companies now operating in the New River district.

## Piles Cured Quickly at Home.

Without Pain, Cutting or Surgery, Instant Relief.

We Prove It. Sample Package Free. Seven people out of ten are said to have piles. Not one man in a million need have them and we are proving it every day at our own expense. The sample package of the wonderful Pile Cure to any person absolutely free.

Don't don't do this as a matter of amusement or philanthropy, but because it is to our interest to do so. We know that the sufferer from piles, tormented and driven almost crazy by this wretched trouble, will find such immediate relief that he will go at once to his doctor and buy a box and have him get the greatest remedy in the world for piles, and we are ready and willing to stand or fall on the verdict of those who make the trial. We have been doing this for some years now and we never yet have had occasion to regret it.

And the remedy at the drug store is, as for instance, here is a man who got such immediate relief from the sample that he at once bought a box. Was it just as good? Undoubtedly, since it cured him after all sorts and kinds of things had failed. And it did not cost much more than a few years' standing—it had existed 60 years.

Here is a sample of the kind of letters we get every day and we don't have to ask for them:

"Friend, I write to tell what good your Pile Cure has done for me. I used your sample, and it did me so much good I went and got two boxes, and I used one and I am another man altogether. I have no pain, no piles, and I have been troubled with them for 50 years, and could find no relief till now, thanks to your timely cure. The name of it will do you any good. I have a box of it for sale at every drugstore at 50 cents a box or if you would like to try it, send me a box by return mail by sending your name and address to The Pile Cure Company, 1880 Pyramid Building, Marshall, Mich.

## Good Beer For Good Health

Eminent Doctors State Positively That It is a Splendid Tonic Without Injurious Effect.

Much has been said recently of the value of beer as a tonic and an aid to digestion in general. They assert that good, pure beer is really a food of remarkable nourishing qualities. It does not stimulate but it invigorates by increasing the activity of the nerve centers in the normal way that all wholesome, well digested food does. Liebig, the celebrated German chemist, called the American Patent Blue Ribbon beer "liquid bread" on account of its great nourishing value and many doctors prescribe it freely as a tonic and aid to digestion.

Dr. Willis P. King, of Kansas City, former president of the Missouri State Medical Society and Vice-President of the American Medical Association, in discussing this matter recently said: "Beer to persons in moderate health who are used in moderate quantities and strength of the body but has the influence of aiding the digestive apparatus to digest other things taken as food. For nearly 40 years I have prescribed our best beer, ordering three to four glasses a day in a great variety of ailments, and results have been uniformly beneficial."

Pabst Blue Ribbon is without doubt the best beer for either sick or well. It is the greatest amount of nourishing strength and health building qualities and besides is absolutely pure. It is a product of eight-day malt and is brewed in a plant that would vie with any woman's kitchen for cleanliness and in a scientific manner based on 40 years of experience in making the best beer.

Pabst Blue Ribbon Beer contains 12 per cent. food value and 88 per cent. sterilized water. It is the only malted food value and 88 per cent. water. A bottle of Pabst Blue Ribbon at lunch time or at a dinner or supper is not only a substantial addition to the food value of the meal, but it is an aid to digestion and consequently a health builder.

C. J. Viltgen, president of the Chesapeake and Ohio Coal and Coke Company, is completing the purchase of the company to become president of the new concern. The purchase of the companies involved in the combination has been made at a cost of about \$3,000,000 by a syndicate composed of Messrs. Bache, Erb, Guggenheim and others. Terminal properties for the new concern will be obtained at Newport News, and practically all of the coal output will be hauled to Tidewater over the new Tidewater Railroad.

## NEW INDUSTRIES IN FOUR STATES

Those Formed During the Week in Virginia and Other Neighboring States.

(Special to The Times-Dispatch.)  
**CHATTANOOGA, TENN.,** March 24.—A most gratifying showing is made by the Tradesman from the State of Tennessee, showing the industrial development of the Southern States. **Bristol (P. O. Bristol, Tenn.)-Drug Factory.**—Owl Drug Company has been incorporated with \$10,000 capital stock. L. Bunting is president, and B. S. Cochran, secretary-treasurer.

**City Point-Phosphate Plant.**—Richmond (Va.) Phosphate Company, it is reported, will rebuild plant which recently collapsed.

**Emporia-Water-Power-Electrical Plant.**—It is reported that the Greenville Water Power Company will develop the water-power of the Meherrin River at Emporia, building a thirty-six-foot stone dam and installing machinery that will develop about 4,000 horse-power. It is stated that bids for the work will shortly be asked.

**Holladay-Flour Mill.**—Reports state that a fifty-barrel flour mill will be built and equipped and installed for meal and feed mills. It is stated that Brian Holladay will be manager.

**Keyville-Flour Mill.**—Incorporated: Keyville Mill, with George E. Passmore, president, and Charles Osborne, secretary. Arrangements will be made at once for the erection of building.

**Lee County-Coal Mines.**—Dominion Coal Company, recently organized with \$50,000 capital stock, has completed organization with H. Lee Early, president; R. P. Gilham, vice-president; Burke H. Keeney, secretary and general manager, and August Fenger, treasurer. It will develop about 700 acres of coal land in Lee county; main office, Cincinnati, O.

**Lewisville-Flour Mill.**—It is reported that Harris and Dueron, of Harris, Va., will erect 25-barrel flour mill, together with stone outfit for meal and chop.

**Lexington-Mineral Lands.**—S. H. Leitch, G. D. Leitch, J. Houston Leitch, Frank Moore and J. Preston Moore have purchased 770 acres of mineral lands for development purposes.

**Lynchburg-Flour Mill.**—Willow Grove Milling Company is reported to install additional machinery for increasing the capacity to 40 barrels daily.

**Lynchburg-Shoe Factory.**—Jones and Adams, No. 212 Third Street, Lynchburg, Va., and not Adams and Jacobs, as mentioned last week, have contract to erect factory building for the Smith-Briscoe Shoe Company.

**Milford-Cement-Block Factory.**—W. W. Gresham is organizing company for the establishment of plant to manufacture cement building blocks, cement bricks, fence posts, etc.

**Virginia-Coal Mines.**—Kansas City Coal and Development Company, reported incorporated last week under Kansas City, Mo., owns 25,000 acres of coal lands in the

South. The company has been organized with \$50,000 capital stock, and is reported to be in the process of erecting a large factory building for the manufacture of cement building blocks, cement bricks, fence posts, etc.

**South Roanoke Growing Fast.**  
New City Improvements Have Given Big Impetus to This Section.

IMPROVEMENTS TO SHOPS.

The Norfolk and Western Railroad to Expend a Half Million.

**ROANOKE, VA.,** March 24.—White Roanoke is progressing rapidly, what is known as South Roanoke is also going ahead. This is what is known as the Crystal Spring section, across Roanoke River. During the past year dwellings have been erected, and at a late meeting of the Crystal Spring Company it was decided to erect twelve more houses, to cost \$3,000 each. A sewer system is nearly completed, and water and lights are furnished by the Roanoke Gas and Water Company and the Electric Company. The water company has expended \$45,000 improving the facilities, and will spend several thousand dollars beautifying the grounds.

Norwich, another suburb, is also growing. The cotton mill and furnace are located in that section, and it is here also that Norfolk parties are planning to have another Ghent.

President L. E. Johnson stated to the Times-Dispatch correspondent several days ago that not less than a half-million dollars would be spent on the shop additions and improvements. Work will begin in about ten days.

The success of the skating rink has moved several parties to make applications to the Street Railway Company for permission to erect a skating rink at the park, and the colored people also want a skating rink.

The Mayor having approved the appropriation of \$25,000 for the school, the School Board will now ask the Council for a site on the Old farm. This farm, which was purchased by the city four years ago for \$10,000, is now worth many times that amount. Not long ago there was an offer of \$40,000 for it. The city has given the Tidewater a right of way through it. It was bought for a park, but the school board, in the winter, brought out a majority against such a proposition, and many demanded that the city decline to accept the farm. Now that it is surrounded by dwelling houses and is worth \$50,000 or \$60,000, they have nothing to say.

The duplicate Norfolk and Western office building is nearing completion. It cost \$125,000.

Building permits were issued this week for fifteen dwellings, including a large one for the Methodist Baptist Church, sonage for the new Baptist Church, and a new station, which will cost \$30,000.

When the West-End yard extension is completed, the Norfolk and Western will have twenty-one additional tracks.

**A Judicial Privilege.**  
In a Southern court one day, says a well-known attorney, one of the counsel, A. B. Alsop, in his argument, remarking to the judge:

"I observe that your Honor shakes his head at that statement. I desire to reaffirm it, although your Honor, I am sure, is a warm, coldly, responded the judge, 'that I have intimated how I

Poehontas fields, and will arrange at once for its development. R. A. Carter is president; D. P. Gray, secretary, and W. F. Niles, assistant secretary; main office, Kansas City, Mo.

**Wheeler-Timber Development.**—Fairfax Lumber Company has been incorporated with \$20,000 capital stock. John H. Wheeler is president, and Wilson H. Craile, secretary-treasurer; both of Pittsburgh, Pa. Mosses, Wheeler, Craile and associates are reported as having purchased 3,200 acres of timberland near Wheeler for development purposes.

**Wytheville-Iron Furnace.**—R. A. Carter, president, Monongahela Iron and Steel Company, Wytheville, Pa., previously reported as having purchased the Ivanhoe Furnace property, has begun rebuilding the furnace and improving the machinery for same. No other improvements will be made for the present. The plant will be operated as the Ivanhoe Iron Company.

**North Carolina.**  
**Durham-Bottling Works.**—Carolina Soda Water Company has been incorporated, with an authorized capital stock of \$5,000, by R. B. Loyd, P. E. Upchurch and A. J. Chandler.

**Lakeview-Timber Development.**—Lakeview Lumber Company will probably develop under contract 2,000 acres of long and short-leaf pine in timberland near Lakeview. The purchase of 1,000 acres additional is also contemplated. A saw-mill with a daily capacity of 15,000 feet is being installed, and the company will later probably build a second mill of like capacity. W. J. Tally, of Sanford, N. C., and Irving C. Fuchols, of Lakeview, will establish dry-kilns for handling or finishing a part of the output.

**Mt. Airy-Hardware.**—F. L. Smith Hardware Company has been incorporated, with an authorized capital stock of \$25,000, by J. B. Sparger, F. L. Smith, R. N. Payne and associates.

**Mt. Airy-Orchard Company.**—Sparger Orchard Company has been incorporated with \$30,000 authorized capital stock by J. B. Sparger, George W. Sparger and associates.

**Palmetto-Flour Mill.**—Chartered, Palmetto Flour Mill Company, with an authorized capital stock of \$25,000, by Henry Blalock, William L. Harris, both of Palestine, and W. A. Marks, of Abbeville, S. C.

**Sanford-Lumber Factory.**—A. W. Huntley is organizing company for the establishment of buggy factory.

**Swannanoa-Lumber Company.**—John Morrow, of Marshall, N. C.; George H. Moll and L. E. Reighard, of Kane, Pa., have incorporated the Mt. Mitchell Lumber Company, with \$10,000 capital stock.

**Watauga County-Copper Mines.**—It is reported that John T. Williams and Company of Bristol, Penn., have leased the copper-mining properties of the Elk Knob Copper Company, in Watauga county, and will arrange for its development.

**Winston-Salem-Furniture Factory.**—B. F. Huntley and associates have purchased at \$2,000 the plant of the Winston Furniture Company. It is proposed to move the plant and operate as the B. F. Huntley Furniture Company. B. F. Huntley will be president, and M. D. Stockton, secretary-treasurer. The company will want a superintendent; also foreman for glue-room. Manufacturers' Record.

shall construe the evidence, nor what my decision will be in the premises. Your remark is, therefore, entirely uncalled for."

"Your Honor shook his head." "True," said the judge, "there was a fly on my ear. And I'll have you know, sir, that I reserve the right to remove a fly in whatever manner pleases me."—Harper's Weekly.

## Spring Clearance Sale

In cleaning up our stock-rooms we've found upwards of three hundred Odd Rockers and Chairs of all descriptions, which it is imperative that we should dispose of. Instead of sending them to auction, as is our usual custom, we've decided to sell them direct to our customers as leaders. Remember, there is not a chair or rocker in the whole lot on which we won't lose anywhere from 10 to 25 per cent. of what we paid for them. For instance, Leather Cobbler Seat Rockers that we sold for \$2.25 regularly in the store, we'll close out for
